

# No more dead bait!

The **Oxygenator** mounts on bait well sidewall

- NOT a bubbler!
- Manufactures 100% Pure Oxygen
- The Oxygenator electronically separates the Hydrogen and Oxygen molecules and re-introduces the Oxygen in pure Nano bubbles. The Hydrogen escapes the water in large bubbles. The Oxygen Nano bubbles are so small they can not break the surface of the water, therefore, super saturating the water with pure Oxygen.
- Simple install
- 12 Volt / 1 AMP per hour

## **BK3 Pro LiveWell Flush Mount**
